# Yes, we always need Engineers

**Chemical · Management ·  
Mechanical · Plastics ·  
Metallurgical · Rubber**

While Eagle-Picher dates back to 1843, our greatest growth has been in the past ten years when, through planned diversification, we have become a *manufacturer's manufacturer* serving virtually all segments of American industry. Naturally, such growth means many career opportunities in the several dozen manufacturing facilities which we operate.

Soon you will be carving a career for yourself and we invite you to check with us. Perhaps we are your kind of "people," and we welcome the opportunity to discuss our Company with you.

We are an equal opportunity employer.

*If you are interested in learning about us, write to:*
